17" front tire for wheel		Coming Soon	\$ 840.00	1	\$	-	
Please note that we can no longer get a 16" x 3" front wheel blank. We only sell 17" x 3.5" and the customer will be responsible for purchasing a new front tire to mount on their new front wheel. Any FLH series bike from 2008 & down will require a new front tire with a new front wheel purchase. Also, from 2009 & up, the stock motorcycles come with a 17" x 3" stock wheel so the stock tire will fit on the new wheel (17" x 3.5") with the only exception being for the 2009 & up FLHRC(Road King Classic) which comes with a 16" x 3" wheel and will need new tire.
